	90 min	MANRS – User Cases and Experience Sharing	Warrick Mitchell

RPKI & MANRS User Cases and Experience Sharing

- **Some NREN speaker invitations have been sent out, and some will be done within this week.**
- **More Comments/Suggestions needed**
 - A panel?
 - Is it helpful to share a document of experienced NREN with the information including the questions and answers at the session?
 - Some speakers from the experienced NREN?
 - Some speakers from those who are going to deploy RPKI and/or MANRS?
 - Any other suggestions?

The Funding Plan of Project Partners for Project Activities at APAN55

Project Activities at APAN55:

- The first face-to-face project meeting
- Project knowledge sharing: RPKI, MANRS
- Progress of the project platform and demonstration

Funding Principle:

The round-trip travel expenses, APAN55 registration fee, visa fee and 5-day diems (USD 140/day, March 13-17) will be reimbursed by APNIC ISIF Project.

The Reimbursement Procedure:

all the arrangement of this travel should be made by the participants, and the above expenses related to the this travel should be paid by the participants first.

All reimbursements will be made to the participants' individual bank accounts after APAN55.

More details will be described in the document which will be sent to the participants.

Partners' suggestion:
 The demonstration of BGPWatch platform would be helpful for partners and others to better understand the information of this platform and make good use of them.

Tsinghua University and BdREN have made the agreement of working together to prepare the materials of BGPWatch Platform Demonstration. The related documents and video is expected to be ready at APAN55.

Look Forward to Meeting You at APAN55!
